

## Essential rigging elements.

Linkits are the missing link in lightweight compact rigging. Based around a 'boss and yoke' concept, this line of connecting components is compatible with a range of existing DMM products. These CE compliant elements open up a world of creative rigging options with the added advantage of making 'silent and invisible' systems possible.

### FEATURES

- Reconfigurable
- A family of compact, lightweight and versatile connecting elements
- Compatible with a wide range of DMM components such as Compact Shackles, Focus and Nexus
- Grease port allows lubrication when configured in-situ for 'silent rigging'
- CNC machined aluminium
- Available with DMM ID
- Allows for very short connections - ideal for height constrained situations and confined spaces
- Matt grey colour for stunt, theatre and other discrete rigging purposes

## TECH SPECS

	LINKIT B2T	LINKIT B2	LINKIT B3	LINKIT Y3
Weight	7g	11g	20g	50g
Product Code	SW510	SW520	SW530	SW540
WLL	5kN	5kN	5kN	5kN
MBS	26kN	26kN	26kN	26kN
Dimensions (L x W x H)	22 x 15 x 15mm	32 x 15 x 15mm	35 x 15 x 35mm	50 x 50 x 35mm
