Hooked eyelets to securely fix the tongue

Chainsaw protection classes marked by coloured rivets (yellow = chainsaw protection class 2)

sympatex®

Pilatus Class 2 Chainsaw Protection Boot

- Rubble protection, upper material and chainsaw protection all riveted together in a continuous wave from top to bottom
- EN 17249 chainsaw protection class 2
- EN 20345 S3 certified
- Aluminium protective toe cap
- Rubber rubble protection
- Round eyelets/rivet eyelets
- Shock-absorbing Vibram sole
- Sympatex membrane / Cordura lining
- New: Hard rubber heel reinforcement

The Pilatus Chainsaw Protection Boot stands out with its patented rivets, which stably connect the upper material, the chainsaw protection and the rubble protection. The PFANNER® patented chainsaw protection and the heightened wave-shaped rubble protection, make the boot immediately recognisable as a chainsaw protection boot (yellow rivets mean chainsaw protection class 2). Equipped with an aluminium protective cap, the shoe is a faithful companion both in the forest and on the construction site.

Material:
Upper: leather
Lining: Sympatex, Cordura
Sole: Vibram

Sizes:
37–46, LS: 47–48
Large sizes + 10 % surcharge

This all-rounder with waterproof Sympatex membrane and Cordura lining is ideally suited for a wide range of uses in any weather. The rivet eyelets do not damage the ropes, making these boots also suitable for climbing. The heel reinforcement provides 100 % protection from chafing.
